

Report for the NZWBSA

Well we are about to hold the National Womens Championships on the 21<sup>st</sup> & 22<sup>nd</sup> Aug.

Some of players are unable to make it this year but we may have some new ones playing in the field from Wayne Belmont's coaching clinic. We will look at sending the winner and runner up of this event to the World Ladies event in Syria if funding can be raised.

Ramona's Oceania title she won earlier this year means she will take up the spot as Oceania which means we will have the opportunity to send our winner and runner up to the worlds. Barry Jones of Australia has been advised of Ramonas representation at the worlds in Syria.

Next year Oceania will be held in Auckland and we are working towards re introducing the Trans Tasman Test for the women as well.

We will endeavour to get to the Australian Open this year and discuss with Australia a calendar for next year.

Wyn Belmont
