

147 Pot Black

Further to the information previously sent to you about the upcoming 147 Pot Black series we have gained some funds towards this project and as such we are delighted to be able to offer a rate of \$4,000.00 + GST which includes all air-time and advertisement production costs. Production will be conducted by Noggin Films.

The series will be screened over 14 weeks and you will be guaranteed one 30 second advertisement per episode of 147 Pot Black, which will be aired in Prime Time (6.30 - 10.30pm).

This commercial will be produced to the highest level and includes concept, pre-production, filming and editing, one location and entry level actors (if any). Alternatively if you are wanting something a little more complex (e.g: scene changes, art direction, stunts, etc) Noggin Films are more than happy to discuss your requirements and negotiate rates accordingly.

In the first instance please call Malcolm Beehre to register your interest and to obtain contact details for the film production company.

For further information or to
book your advertising spot
